

Biomimetic Restorative Dentistry Level I : Foundation & Techniques

ONLINE COURSE
*INTENDED FOR DENTISTS

Training Coverage

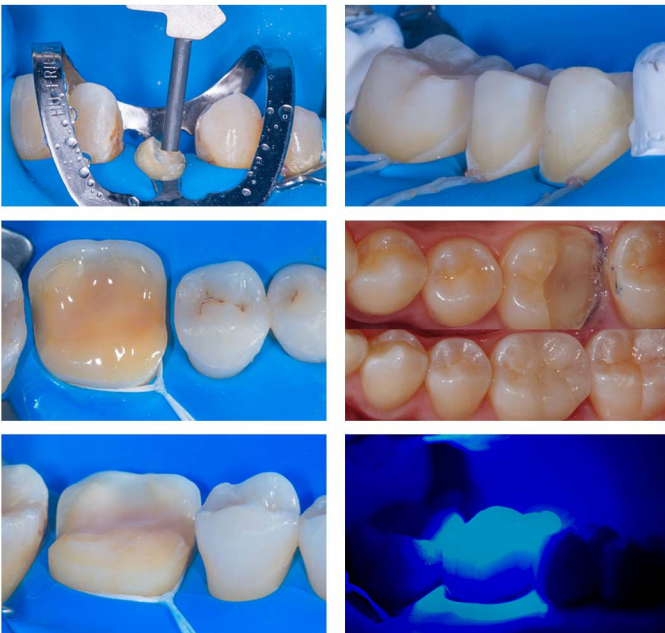

This course covers the following training modules and techniques:

- Polymerization Shrinkage and Stress | *Demonstration*
- Stress Reduced Direct Techniques (SRDTs) | *Demonstration*
- Semi-direct Restorations
- Supra-gingival Adhesive Inlay & Onlay Preparation Design
- Immediate Dentin Sealing (IDS) and Biobase | *Demonstration*
- Deep Margin Elevation (DME) | *Demonstration*
- Provisionalization Techniques
- Biomimetic Cementation Technique | *Demonstration*
- Peripheral Seal Zone and Caries Removal Endpoint
- Isolation Tips & Techniques

Instruction Areas

The techniques and science covered in this course are categorized into the following instruction areas:

- 1 Structural Analysis
- 2 Caries Removal Endpoint/Peripheral Seal Development
- 3 Immediate Dentin Sealing/Resin Coating
- 4 Stress Reduction
- 5 Maximizing Bonds
- 6 Restorative Materials and Preparation Designs

Learning Objectives

Perform more conservative restorative dentistry for your patients using advanced adhesive techniques

Restore teeth with bonded supra-gingival restorations rather than crowns

Increase your bond strengths by 400%, making your restorations extremely secure

Preserve pulp vitality & reduce root canals by over 90%

Restore badly damaged teeth with adhesion

Prevent stained and leaky restorative margins

Eliminate catastrophic failures, and Eliminate post-operative pain & sensitivity

Class Details

Course Fee: \$750

Course Dates: January, March, or May 2022 (every other month).

Course Format: Recorded Online lecture & demonstration videos

Prerequisite: This course is for dentists. No prior course necessary.

Teaching Method: Self-Instruction (electronically mediated).

Participant Interaction: Question board + Live online office hours

Computer Requirements: Internet access & zoom

Duration: 30 -Days of online access is included for this course.

CE Credits: 14

AGD Subject Code 250 - Operative (Restorative) Dentistry

Sponsors: Kuraray, *Addent, *GC America, *Kettenbach

*providing financial support

Refund/Cancellation Policy: No refunds. Payments can be applied to a future course.

Speaker: Dr. Matt Nejad

Dr. Nejad has been practicing and teaching Biomimetic Dentistry since 2010. He maintains a private practice in Beverly Hills, CA and provides training and courses through the Nejad Institute. He is a scientific advisor to the Academy of Biomimetic Dentistry.

Original release date: May 2021 | **Latest Update:** Nov. 2021

Review date: Jan. 2022 | **Expiration Date:** Aug. 2023
